HRWow is like having an HR professional on call 24 hours a day

HRWow gives you everything you need to make HR Administration easier and lets you:

Create custom HR forms and manuals – instantly

Download and customize hundreds of templates to create the HR forms and documents you need – from employee handbooks to job descriptions to procedure manuals and more – all custom tailored to your business and available any time you need them.

Get HR questions answered by HR professionals

What's the standard for jury duty pay? Can employees purchase vacation days through payroll deduction? HRWow lets you get quick answers to any HR question, by calling or emailing on-call HR professionals. You'll get answers you can start using right away.

Discover great health tools for you and your staff

You and your employees can use online health decision tools like a Provider Search powered by WebMD that will help locate the best doctors and a Hospital Comparison Tool that compares hospital performance and quality.

Create your own life event and new hire worksheets

HRWow lets you create your own rate sheets for dependent add-ons and new hires – so you can evaluate costs right away.
