*Warmest Wishes
for Health and Happiness
this Hanukkah*

Thank you for giving me the security of health insurance. I can't tell you how many ins. agents are in the phone book, but all minus one (you) said "you're uninsurable" + that was it. I only wish you got compensated equivalent to the benefit I've received. I give out your name + number alot, hoping some will pay out for you. I'm trying.

Anyways, I hope the holidays find you happy + healthy.

Sincerely
She A
